

Megabea Communications Inc.---WIRELESS INTERNET TERMS OF SERVICE

If you use megabea wireless internet you are agreeing to this set of conduct rules

This is a legally binding contract and by using megabea you agree to be bound by its terms and conditions.

The quick and simple important lines of the document below: if you think it is, or thought it was illegal to do or view or store on your computer, then it probably is and megabea is not held liable for your actions, ignorance is not a defense under the law.

any P2P (peer 2 peer) program if detected will be instantly throttled to 5K in and out, this is an absolute necessity for wireless communications , these programs even though may not be passing a lot of data, the program by its own design will HOG the radios ability to keep other customers from sending and receiving data at their correct amounts.

the reason for the throttling is so your connection speed is so undesirable that you will uninstall the program from your computer This is discussed with each customer at time of antenna purchase, it is required by megabea that you understand these rules before purchase of the antenna and connecting with megabea high speed wireless community.
